# Freshee™

The real bite of freshness

CLING FILM

Freshee Cling Film is a thin transparent plastic film that adheres to surfaces and is self sealing.

Freshee Cling Film is ideally used in freezers, refrigerators, ovens, to keep the flavor, freshness and taste of food intact without mixing odors.

Although Cling Film is commonly used for food protection and storage, it can also be used for a variety of other applications such as protective covering for leather, electronics, books etc.

### Features :

- Keeps food, fruits and vegetables fresh and clean.
- Seals in freshness and flavour, prevents food from drying out.
- Prevents transfer of food odours in refrigerator.
