

BRILLIANT SOLUTIONS
**FOR ANY
SITUATIONS**

FABEL

COP (CLEAN OUT OF PLACE)

FABEL SMARTFOAM NEUTRA (Neutral Foam Cleaner)

Gentle yet effective, our neutral foam cleaner provides a balanced touch for surfaces requiring a delicate approach.

- Balanced formulation of surfactants and wetting agent
- Inhibited formulation for use on soft metals
- Effective with both soft and hard water
- Used in Beverage and Brewing Industries, Dairy and Food Processing industry, meat and poultry processors.

pH - 7 | Pack Size - 5 Kg / 30 Kg Can

FABEL SMARTFOAM NE (Alkaline general Cleaner)

Versatility meets strength in our alkaline general cleaner, suitable for a wide range of surfaces, delivering a superior clean meeting the stringent standards of the food and beverage industry.

- Balanced formulation of surfactants and mild alkalis
- Inhibited formulation for use on soft metals
- Effective with both soft and hard water
- Used in Beverage and Brewing Industries, Dairy and Food Processing industry, meat and poultry processors.

pH - 11 | Pack Size - 5 Kg / 30 Kg Can

FABEL SMARTFOAM AC (Acidic Foam Cleaner)

This acidic foam composition is tailored for the unique challenges of food and beverage surfaces, targets tough residues and build-ups, leaving surfaces gleaming without compromising safety.

- High-performance blend of surfactant, acid and sequestering agents.
- Inhibited formulation for use on soft metals
- Multi-purpose cleaner
- Effective with both soft and hard water
- Used in in Beverage, Dairy and Food Processing industry.

pH - 2 | Pack size - 5 Kg / 30 Kg Can

FABEL SMARTFOAM CP (Chlorinated foam cleaner Powder)

The concentrated strength of a powder formula, ideal for heavy-duty cleaning tasks, ensuring your equipment remains spotless and maintaining impeccable hygiene in food and beverage environments.

- Effectively removes heavy fat and protein deposits
- Inhibited formulation for use on soft metals
- Effective with both soft and hard water
- Used in in Beverage, Dairy and Food Processing industry, meat and poultry processors

pH - 11 | Pack Size - 5kg / 30kg Bag

FABEL SMARTFOAM QC (Foam Decontaminator)

Elevate your hygiene standards with our foam decontaminator, effortlessly reaches into crevices, offering a powerful antiseptic touch to equipment surfaces, ensures a thorough and comprehensive clean.

- High-performance blend of surfactant, QAC compound and sequestering agents.
- Effective with both soft and hard water
- Effective on odour control caused by bacteria
- Used in Beverage and Brewing Industries, Dairy and Food Processing industry, meat and poultry processors.

pH - 10 | Pack Size - 5 Kg / 30 Kg Can

CIP (CLEAN IN PLACE)

FABEL CLEAN CHARGER (Liquid Additive to caustic for CIP)

Optimize your Clean-in-Place (CIP) processes with our liquid additive, ensuring a thorough and efficient removal of stubborn residues, biofilms, and contaminants enhancing the efficiency of caustic solutions for thorough equipment cleaning.

- Effective in soft or hard water
- Low foaming under conditions of high pressure and turbulence
- Cost effective as it's a blend of highly concentrated liquids
- Effective on Organic & Inorganic deposits removal
- Used in Beverage and Brewing Industries, Dairy and Food Processing industry, meat and poultry processors.

pH - 12 | Pack size - 5 Kg / 35 Kg Can

FABEL CLEAN CHARGER PLUS (Low foaming alkaline detergent)

Elevate the hygiene standards with the our liquid additive crafted to enhance Clean-in-Place (CIP) cleaning using caustic solutions. Engineered with the unique challenges of the food and beverage industry in mind, delivers unparalleled cleaning efficacy and safety for your equipment and processes

- Effective in soft or hard water
- Low foaming under conditions of high pressure and turbulence
- Cost effective as it's a blend of highly concentrated liquids
- Effective on Organic & Inorganic deposits removal
- Used in Beverage and Brewing Industries, Dairy and Food Processing industry, meat and poultry processors.

pH - 12 | Pack size - 5 Kg / 35 Kg Can

FABEL MAX HA (Low foaming alkaline detergent, highly effective on hard water)

Combat hard water challenges effortlessly with our low foaming alkaline detergent, maintaining superior cleaning performance.

- Perfectly suitable with automatic dosing systems
- Excellent Cost and Performance Optimization
- Prevention from scale building
- Used in Beverage and Brewing Industries, Dairy and Food Processing industry, meat and poultry processors

pH - 11 | Pack Size - 5 Kg / 35 Kg Can

FABEL MAX HA PLUS (Low foaming alkaline detergent)

Designed to tackle tough grease, grime, and residue ensuring thorough cleaning without excessive foam, making it ideal for factory environments.

- Effective cleaner on all types of soiling
- Perfectly suitable with automatic dosing systems
- Excellent Cost and Performance Optimization
- Prevention from scale building
- Used in Beverage and Brewing Industries, Dairy and Food Processing industry, meat and poultry processors

pH - 13 | Pack Size - 5 Kg / 35 Kg Can

FABEL SUPER 200 (Acidic detergent descaler for CIP)

Targeted descalers for CIP systems, ensuring efficient operation and extending the lifespan of your machinery and safeguards quality and compliance.

- Low foaming under conditions of high pressure and turbulence
- Effective Inorganic deposits removal
- Also suitable with auto dosing systems
- Used in Dairy and Food Processing industry

pH - 1 | Pack size - 5 Kg / 30 Kg Can

FABEL SUPER 300 (Phosphoric acid based liquid detergent)

A unique formulation, centered around phosphoric acid, not only guarantees superior cleaning but also acts as a powerful descaler, tackling mineral deposits effortlessly.

- Low foaming under conditions of high pressure and turbulence.
- Enhanced wetting and dispersing properties
- Can be used under CO2 pressure or atmosphere, eliminating the need for venting CO2 from vessels
- Phosphoric acid based
- Suitable under conditions of high pressure and turbulence
- Used in Beverage, Brewing and Dairy industries

pH - 1 | Pack size - 5 Kg / 35 Kg Can

FABEL SUPER 500 (High performance descaling agent)

Unleash the power of our descaling agent, designed to tackle even the most stubborn scale deposits with ease.

- Low foaming under conditions of high pressure and turbulence
- Prevents descaling in equipment, tanks, lines and pipes
- Removal and hunting of milk stones and inorganic inlays in general
- Used in Dairy, Refrigerators and Food Industries.

pH - 2 | Pack Size - 5 Kg / 30 Kg Can

FRYER CLEANER

FABEL MAX POWER (Low foaming alkaline detergent for fryer)

This low-foaming detergent is designed to penetrate and dissolve stubborn grease and carbon buildup for fryer maintenance, ensuring a pristine cooking environment.

- Prevention from scale building
- Works well in all water conditions
- Aggressive on grease and oil
- Reduces carbon crusting
- Used in food processing unit deep-fat fryers and cookers

pH - 11 | Pack Size - 5 Kg / 30 Kg Can

FABEL CLEAN AHP (Liquid additive for Fryer Cleaner)

Enhance fryer maintenance with our liquid additive, tailored to boost the cleaning power of your fryer solution, ensuring grease-free, high-performing equipment.

- Single stage cleaning
- Effective in soft or hard water
- Remove mold & bacteria from surface
- Used in Dairy and Food Processing industry, meat and poultry processors.

pH - 2 | Pack Size - 5 Kg / 50 Kg Can

FABEL CLEAN TEX (Soft metal safe Cleaner)

Preserve the integrity of your equipment with our soft metal safe cleaner, designed to clean without compromising delicate surfaces and also safeguard the longevity of your valuable equipment.

- Hard water tolerant preventing scale buildup
- Low foaming even in high turbulence conditions
- Excellent detergency to remove Fat, Oil, Soils, etc.
- Safe on soft metals like aluminium, plastic, etc.
- Used in Dairy and food processing industries.

pH - 13 | Pack Size - 5 Kg / 30 Kg Can

FABEL CLEAN CBM (Alkaline Detergent)

Conquer tough stains and grime with our alkaline detergent, a powerful solution suitable for a variety of surfaces in food and beverage settings.

- Excellent fat removal
- Soft metal safe
- Low foaming
- Used in Dairy and Food Processing industry

pH - 12 | Pack Size - 5 Kg / 25 Kg Can

BOTTLE WASHING

FABEL CLEAN BW (Bottle washing Detergent Booster)

Enhance your bottle washing routine with our booster, designed to complement detergents for spotless, sanitized bottles.

- Excellent soil suspension and prevents re-deposition of soil on surfaces
- Compatible to automatic dosing systems for cost optimization
- Reduced bottle rejection rates
- Phosphate Free and Non-foaming
- Used in Beverage and Brewing Industries

pH - 2 | Pack Size - 5 Kg / 35 Kg Can

FABEL CLEAN SHINE (Bottle washing additive [Mold and scale removal])

Our solution, targets residues, bacteria, and contaminants, ensure a hygienic environment for your production line. Crafted with precision, this additive not only cleans but also sanitizes, meeting the stringent requirements of the food industry.

- Excellent soil suspension and prevents re-deposition of soil on surfaces
- Compatible to automatic dosing systems for cost optimization
- Reduced bottle rejection rates
- Phosphate Free, Non-foaming
- Mold & Scale Removal
- Used in Beverage and Brewing Industries

pH - 10 | Pack Size - 5 Kg / 35 Kg Can

FABEL CLEAN JW (Single step descaler)

Streamline your cleaning process with our all-in-one solution, effectively de-scaling and disinfecting in a single step. Designed to effortlessly remove scale buildup while simultaneously eradicating harmful bacteria, ensuring the highest standards of cleanliness and safety.

- Highly economical in use
- Single step de-scaling and disinfection
- Effective against a wide range of spoilage organisms
- Phosphate free
- Used in Beverage and Brewing Industries, Drinking water Jar cleaning.

pH - 2 | Pack Size - 5 Kg / 30 Kg Can

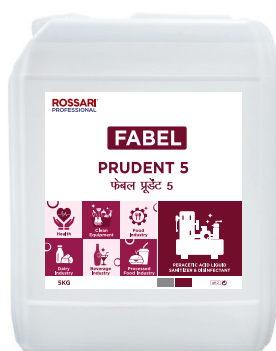

PLANT DISINFECTANT

FABEL PRUDENT 5 (Peracetic Acid Liquid Sanitizer & Disinfectant)

A fast-acting formulation crafted to meet the stringent cleanliness standards of food and beverages industries provides powerful shield against pathogens and contaminants ensuring a safe environment for food preparation and handling.

- Excellent micro-biocidal activity
- Excellent disinfectant for cold plant operations
- Non-corroding & non-foaming at normal dilutions
- Degradable and eco-friendly (no chlorinated by-product)
- Used as a disinfectant against microbes like bacteria, fungi, and viruses in food, breweries, wineries, dairy, food processing and medical industry and as cooling tower water disinfectant.

pH - 2 | Pack Size - 5 Kg / 30 Kg Can

FABEL GK 20 (CIP- Decontaminator)

Elevate your CIP protocol with our specialized decontaminator, guarantees a seamless and comprehensive cleaning of equipment ,pipelines ,and surfaces not only clean but also thoroughly disinfected.

- Non-corrosive & low-foaming at normal dilutions
- Safe on soft metals
- Effective on odour control caused by bacteria
- Used in Beverage and Brewing Industries, Dairy and Food Processing industry, meat and poultry processors

pH - 3 | Pack size - 5 Kg / 30 Kg Can

FABEL GK 30 (Open Plant Terminal Cleaner)

Step up your hygiene standards with our trusted solution,ensuring comprehensive cleaner to your facility and deliver unmatched germ-killing efficacy, leaving surfaces pristine and pathogen free.

- Fast acting on commonly found micro-organisms in recirculating water systems.
- Non-corrosive
- Safe on soft metals
- Odor control
- Effective in soft or hard water
- Used in Beverage and Brewing Industries, Dairy and Food Processing industry, meat and poultry processors.

pH - 8.5 | Pack size - 5 Kg / 30 Kg Can

FABEL D QUAT (Surface Cleaner Concentrate)

Elevate your cleaning regime to ensure the highest standards of hygiene in your food and beverage production facility, Specially formulated for use on machinery and equipment surfaces, our powerful concentrate effectively eliminates harmful bacteria, viruses, and pathogens, safeguarding the integrity and safety of your products.

- One step cleaning of critical areas.
- Quick Action formula for high bacterial growth.
- Broad spectrum microbial, fungicidal & virucidal action.
- Effective against bacterial & Fungal spores, HBV, HIV, HCV & Rota Virus.
- Efficacy against MRSA & Mycobacteria (TB).
- Used in Hospitals and nursing homes, fitness, Gymnasium, schools, healthcare facility,Dairy,meat and poultry processors, snack foods, dairies, beverage plants and other food processing operations, etc.

pH - 8 | Pack Size - 5 Kg Can

FABEL CLEAN BMC (Terminal Cleaner)

A dual-action solution, our terminal cleaner not only cleans surfaces but also ensures a sanitary environment for your operations.

- Highly effective cleaner for food & dairy industry use
- Non-corrosive
- Non-tainting, use on food contact surfaces
- Effective with both soft and hard water
- Used in Dairy,meat and poultry processors, snack foods, dairies, beverage plants and other food processing operations

pH - 9 | Pack Size - 5 Kg Can

HAND WASH

DR.NANOXA ROSS PROTECT HANDS (Benzalkonium Chloride Solution Antimicrobial Handwash Liquid)

Elevate your hand hygiene routine ,engineered to kill harmful bacteria and viruses while maintaining skin health, our powerful formula provides superior protection against germs.

- Anti-microbial properties
- Soap-free
- pH-neutral
- Cleans with mild foam and with skin moisturizers
- Skin-friendly and pore-deep cleaning
- Especially for sensitive skin

pH - 7 | Pack Size - 5 L Can

PROCLEAR HYGIENIC HAND WASH - PUREWASH

A refreshing fragrance free hand wash,leaves your hand feeling refreshed,nourished, and protected with every wash.

- Fragrance-free
- Maintain hygiene
- Effectively removes dirt, germs, impurities from hands.

pH - 7 | Pack Size - 5L Can
